

G4S Policing Solutions and the NARPO – Lancashire website

G4S Policing Solutions would be happy to discuss how we could work more closely together and to help assist your members in finding future work. The following are simple ways we could assist:

- Provision of job adverts specific to the region you represent which could be added to your jobsite on the day
- If your members agreed and filled out a disclaimer, we could provide daily job updates by email to them specifically for your region
- On going, again as long as a disclaimer is completed, new members signing up to your website could be added to these daily updates
- We could provide buttons and banners to add to your website with hyperlinks to the policingsolutions.co.uk job board. These could be designed to be in-keeping with your current layout and design.

The two people to discuss this with are:

Andy Bell – Client Relationship Manager (North West Region)
020 8461 6606 / andrew.bell@policingsolutions.co.uk

And

Mark Calkin – Marketing Manager
020 8461 6608 / mark.calkin@policingsolutions.co.uk
